The Cream of Devon Art

Venue 42 see page 19

Welcome to North Devon's friendly open studios...

This is your opportunity to step inside the workshops, homes and minds of up to 100 local artists to witness at first hand the inspiration and motivation which drives them to create.

Step inside a pottery, discuss painting techniques, try your hand at bookbinding, snoop inside a sketchbook or simply bask in a wide selection of art and craft, from the traditional to the radical.

This year you have more opportunities than ever before to take part in the open studios event as it spans 3 weekends in June, with many of the artists opening during the week also. Several of the artists are presenting their work as a group in galleries, historic buildings, and alternative venues and most will have the kettle on the boil ready for your visit.

To help you choose which artist to visit, page 12 has an A-Z list of artists and their disciplines, and a map to help you locate them by area.

So, go forth and discover the creative talent of North Devon.
