# Welcome to North Devon's friendly open studios...

Artists are happy to show their work to visitors throughout the year, an appointment is advisable. Please telephone or email.

For the eighth year, the artists of North Devon are throwing open their studio doors to the public. It's a great opportunity to go behind the scenes, talk to artists first-hand and see work in progress. Some venues offer demonstrations and workshops, others feature group exhibitions showcasing a wide range of arts and crafts. Many artists will also present their work as groups in galleries, shops and a host of interesting alternative venues.

Art Trek 2011 spans three weekends in June from the 10th to 26th. Here in North Devon we truly believe we live in the most beautiful part of the world; our coastline, countryside and people are all inspirational to many of the artists and this is a unique opportunity to meet and talk with them, learn about their techniques and the creative process - and better still, purchase local art direct from the people who created it.

The guide at the centre of this brochure has a basic map and venue locator but, as some artists are located in rural areas, it's well worth taking a look at our website to read up on more detailed directions, maps and information.

Happy trekking...
