## Welcome to North Devon Theatres

The North Devon Theatres' Trust is a registered charity which produces an arts and entertainment programme featuring drama, classical music, opera, children's shows, popular music (including rock, jazz, folk and roots), contemporary dance, ballet, amateur shows, visual arts and community events which are held in the Queen's Theatre, Barnstaple and the Landmark Theatre, Ilfracombe. In addition we run a wide-ranging arts education and outreach programme for people of all ages.

## What is the Young Producers project?

**Young Producers** is a North Devon Theatres' youth arts initiative aimed at giving young people aged 11-25 the opportunity to gain an overview of all the different job roles within the theatres whilst pursuing their own creative interests.

It is made up of three core groups (Bronze Producers, Silver Producers and Gold Producers) who work both as individuals and in teams to achieve a series of creative objectives whilst working towards the Arts Award nationally recognised qualifications.

## Arts Award

The Young Producers scheme has the added benefit of offering the Arts Award qualifications through which there will be the opportunity to develop arts skills and understanding, lead activities in the art form of choice and achieve a nationally recognised qualification.

You will be expected to build a portfolio that tracks your arts experience and shows your development.

### Arts Award is...

- **A great way for you to explore creative skills**
- **A nationally recognised qualification**
- **A link to creative professionals in arts and media**
- **A way for you to learn new skills and share them**
