# A new era begins...

**Have you noticed the scaffolding outside the Queen's Theatre?**

It's part of our backstage refurbishment scheme. Up until now, the big cloths and scenery over the stage have been hauled up and down on hemp ropes, just like a sailing ship in the 19th century. Not a very safe process.

**With financial support from North Devon Council and the Arts Council**, we are rocketing into the 21st century by installing a computer-controlled flying system plus, the stage extension for large-scale shows will be motorised so that it can be raised or lowered at the press of a button - currently it takes four men a whole morning!

**Work is scheduled during July and August.**

This is a big step forward for us as we'll be able to take bigger shows and change from one type of show to another more easily.

We know that for most people money is tight. Grants have been reduced, but with the continued support of North Devon Council and the Arts Council, these backstage modernisations will enable us to bring you a wider range of high-quality shows, at the best possible ticket prices.

**As a not-for-profit charity**, what we make on some shows supports other shows and also our projects for young people. We help our communities whenever we can.

**Back to the new works.**

By 14th September, this stage will be finished. If you would like to get closer to the action and see what's been done, join one of our technical backstage tours.

Thanks for your support. You can follow the comings and goings on our website.

**Our volunteers contribute over 1,000 hours each year**

**Last year, there were over 25,000 places on our education classes and workshops**

**In 2012 we spent over £350,000 with North Devon companies**

**Each year we actively support 20 amateur societies and many local schools**

**In the last ten years, over 2 million people have walked through our doors**

**Every year we stage around 300 performances**

**We donate approximately £1000 of tickets to local organisations every year to aid their fundraising efforts**

**Last year we served over 15,000 cups of coffee in our cafés**

## The Disappearance of Sadie Jones

A contemporary dream play by Hannah Silva

Sadie Jones wants to disappear. She walks a tightrope between reality and imagination; a chaos of words and silence. Sadie leads her lover and her sister into the strange landscape of her unconscious where speech sounds like music and buying apples is a lesson in absurdism. A unique blend of language and physicality, inspired by the ideas of Strindberg.

Following their performance at last year's Barnstaple Fringe Theatrefest, the company went on to Edinburgh Fringe and received rave reviews.

DRAMA

## Dracula By Bram Stoker. Adapted by John Ginman for Blackeyed Theatre

*"I can give you your forbidden, secret desire - the soft bitter touch of my kiss, the surrender, the chance to live and love for ever."*

Stretching from London, through provincial England, to the mountainous wastes of Transylvania, Bram Stoker's timeless gothic thriller embodies the struggle to break taboos, resist temptation and stop the unknown outside becoming the enemy within. As Dracula's shadow looms large over England, a small group of young men and women, lead by Professor Van Helsing, are locked

in a struggle for survival where only the fittest will survive.

With specially commissioned live music and powerful ensemble performances this will be an exciting and thought-provoking theatrical experience.
